

Quality Policy

(P01)

INTRODUCTION

Earth and Marine Environmental Consultants Limited is a multi-disciplinary environmental consulting practice that specialises in providing technical expertise and innovative solutions to complex and challenging environmental problems. The firm is based in the UK and has an operational base in the Middle East and can operate globally across a wide range of technical disciplines and industrial sectors.

POLICY SCOPE

The scope of the quality management system applies to the provision of services offered and supplied by EAME. There are no excluded activities.

POLICY STATEMENT

The managers and staff of Company are aware and committed to the ongoing need to establish and maintain the quality management system whilst seeking to provide high quality, cost effective services; and to comply with the requirements of the management system and, where practicable, continual improvement through the setting of realistic and achievable objectives.

The objectives are:

- To maintain an effective Quality Management System complying with International Standard ISO 9001.
- To achieve and maintain a level of quality which enhances the Company's reputation with clients.
- To ensure compliance with relevant statutory and other regulatory requirements.
- To endeavour, at all times to maximize customer satisfaction with the products and services provided by the Company.

To assist in meeting these objectives the company has implemented a management system that meets the requirements of BS EN ISO 9001:2015.

The quality policy is made available to all employees and other persons working on behalf of the company. Compliance with the policy statement and associated elements is mandatory for all staff.

Signed:
Steve Rowan – EAME Managing Director
