

Health and Safety Policy

(P03)

INTRODUCTION

Earth and Marine Environmental Consultants Limited is a multi-disciplinary environmental consulting practice that specialises in providing technical expertise and innovative solutions to complex and challenging environmental problems. The firm is based in the UK and has an operational base in the Middle East and can operate globally across a wide range of technical disciplines and industrial sectors.

POLICY SCOPE

The scope of the health and safety management system applies to the provision of services offered and supplied by EAME. There are no excluded activities.

POLICY STATEMENT

The managers and staff of Company are aware and committed to the:

- continual improvement of occupational health and safety performance;
- ensuring that the company is a safe and healthy place to work;
- the prevention of injury and ill health;
- comply with applicable legal requirements and with other requirements to which the organization subscribes which relate to its OH&S hazards;
- developing realistic and achievable OH&S objectives ;
- working with contractors to minimise potential OH&S risks; and
- the communication of the health and safety policy both within the Company and to external interested parties.

To assist in meeting these objectives the company has implemented a management system that meets the requirements of BS OHSAS 18001:2007.

This policy is made available to all employees and other persons working on behalf of the company. Compliance with the policy statement and associated elements is mandatory for all staff.

Signed:
Steve Rowan – EAME Managing Director
